Member of Parliament – Brampton North
Députée - Brampton Nord

For Immediate Release

Have Your Say in the Federal Pre-Budget Consultations

20/01/2020 – Brampton, Ontario – Ms. Ruby Sahota, the re-elected Member of Parliament for Brampton North, invites you to take part in the Federal Liberal Government’s Pre-Budget consultations.

“A strong economy starts with a strong middle class and a responsible fiscal plan,” said MP Sahota. “For the last four years, investments in people and communities, combined with the hard work of Canadians, have helped create more than a million new jobs—driving continued economic growth and creating more opportunities for people to succeed, and we need your input to continue this growth.”

Last week, Finance Minister Bill Morneau launched the Government of Canada’s consultations for Budget 2020. The consultations will focus on the priorities laid out in the 2019 Speech from the Throne—strengthening the middle class and growing the economy, fighting and preparing for climate change and protecting the environment, keeping Canadians safe and healthy, and continuing the work towards reconciliation with Indigenous Peoples.

Minister Morneau and MP Sahota invite all Canadians to contribute their ideas on how the Government can continue to build an economy that works for everyone. People can share their ideas by reaching out to MP Sahota’s office and also by making submissions through the Your Budget website – <https://budget.gc.ca/2020/prebudget-prebudgetaire/index-en.html>.
