## BRINGING AFFORDABLE CHILDCARE ACROSS CANADA

Every family deserves access to affordable, high-quality childcare. Our Government has

committed to bringing down childcare costs to \$10 a day within 5 years and by 2022, we will

proud to have secured agreements with British Columbia, Newfoundland and Labrador, and P.E.I.

reduce fees everywhere by 50%.

We have been hard at work negotiating with the provinces who must opt-in for this program to be implemented. We're

Together, let's make sure Ontarians aren't left behind. Let the Ford government know that you want affordable childcare for Ontario and help us achieve our goal of supporting families.

## MORE SUPPORTS FOR SMALL BUSINESSES

### POST Promise Initiative

The People Opening Safely Together Promise Initiative will help businesses with applying public health measures and providing signage for businesses to signal that they're committed to creating a safe environment for shoppers and employees

### Jobs and Growth Fund

This \$700 million program will support:

- Regional job creation
- The transition to a green economy
- Enhancing Canada's competitiveness
- Canada's recovery

### Canada Recovery Hiring Program

This program helps employers impacted by COVID-19 to apply for subsidies to cover a part of their employee wages. This program will help retain jobs and keep our economy strong

## We're Electrifying Brampton Transit

We're helping Brampton purchase 450 new zero-emission buses. These buses will help us remove 57,000 tonnes of greenhouse gases per year and get us closer to achieving our goal of becoming a greener city. This is one of the largest conversions to green vehicles for public transit ever!

With this investment, we will create new jobs for Canadians, decrease our emissions, and reduce pollution in our city.

## New Affordable Housing For Brampton

Every Canadian deserves a safe and affordable place to call home. That's why we're proud to have invested \$120 million to build a 26-storey, energy efficient affordable housing building right here in Brampton.

Once the development is built, we'll be able to help more than 300 families find affordable housing. Together, we can build stronger communities, create jobs, and tackle housing need in Brampton.

## New High Speed Train Service

We're modernizing intercity passenger rail services to best meet your needs. We're going to build a new train service in the Toronto to Quebec City Corridor, which will get to where you need to go faster. With this new investment, we'll cut down the time it takes to travel from Toronto to Ottawa by 90 minutes!

We'll also be able to provide more frequent departures to more cities and increase our reliable on-time arrival performance to 95%.
